Mississippi Impact Volleyball

Sponsorship Information

MS Impact Volleyball is a non-profit Junior Olympic Volleyball program based in the Jackson, MS metropolitan area. Our club offers the opportunity for girls ages 10-18 to participate on volleyball teams with advanced training and competition. We have many of the area's top coaches helping to train these athletes to their full potential as they play in tournaments throughout the Southeast.

Sports play a very positive role in the development of young girls. Every year, club volleyball paves the way for many female athletes to gain invaluable experience concerning self-esteem and team play as well as to earn college scholarships.

The club volleyball season spans from December to May each year. During the season, the club teams practice 2-3 times a week and participate in competitions on select weekends, through the Southeast.

Though the athletes are willing and eager to put in the time and work to play, a lot have to quit because the families are not able to pay the cost to play club volleyball. The typical cost for club, run about \$1,500 per athlete. This is not counting the family traveling cost to the tournaments.

In order to continue the success of the club, MS Impact is looking for financial support from individuals and businesses. MS Impact needs assistance with costs such as equipment and uniforms, facility rental, coaches' salaries, registration fees, and tournament participation fees. With your support, we will be able to reduce the individual athletes' cost enabling more girls to financially afford to play.

This year, MS Impact volleyball club is hoping to develop relationships with individuals and companies interested in supporting this program. In return for your support, the club would recognize sponsors on our webpage, emails, and distributed promotional materials during the season. All contribution are tax deductible.

We graciously ask you to consider supporting our club and the female athletes.

Sincerely,
Mississippi Impact Volleyball Club
